

COMPANY PROFILE

Engineering, Equipment & Industrial Solutions

www.aromactz.com

ABOUT US

Founded in November 2013, Aromac Company Limited is a Tanzanian company providing engineering solutions, equipment and spare parts across the Mining, Construction, Agriculture, Oil & Gas, Marine and Industrial sectors.

We offer a wide range of spare parts, engineering, construction and logistics services, supporting our clients across different stages of their operations as a one-stop solutions provider.

Since 2022, Aromac has also been involved in fuel storage tank services, including tank cleaning, calibration and related technical and operational support for industrial fuel storage facilities.

Our commitment is to provide reliable, efficient and professional solutions tailored to the operational needs of our clients.

OUR MISSION

To deliver reliable engineering solutions, quality equipment, spare parts and technical services that support the operational needs of our clients across the mining, construction, agriculture, oil & gas, marine and industrial sectors.

OUR VISION

To become a trusted and leading provider of engineering solutions, equipment and technical services across East and Southern Africa, recognized for quality, reliability and professional service.

OUR CORE VALUES

QUALITY

We are committed to providing quality products and services that meet our clients' operational requirements.

INTEGRITY

We conduct our business with honesty, transparency and professionalism.

RELIABILITY

We strive to provide dependable products, services and technical support to our clients.

SAFETY

We promote responsible and safe working practices throughout our operations and service delivery.

OUR FOOTPRINT

Aromac Company Limited operates with a strong focus on East and Southern Africa, serving clients across key industrial and commercial sectors.

As we continue to grow, we aim to establish sustainable business relationships beyond our current markets while maintaining a clear understanding of local business environments, socio-economic conditions and geographical dynamics.

Our expansion approach is guided by careful market assessment, responsible decision-making and a commitment to building sustainable long-term engagements.

OUR SERVICES

Integrated Solutions for Industrial Operations

Aromac Company Limited provides a range of engineering, equipment and technical support services designed to meet the operational needs of clients across multiple industries.

- 
- 01 | MINING SUPPORT**
Operational and technical support for mining activities and equipment requirements.
 - 02 | CONSTRUCTION SUPPORT**
Equipment, parts and technical solutions supporting construction operations and projects.
 - 03 | ENGINEERING SERVICES**
Practical engineering and technical support tailored to industrial and operational requirements.
 - 04 | PARTS SUPPLY & SALES**
Supply of quality replacement parts and components for heavy machinery and industrial equipment.
 - 05 | EQUIPMENT SALES & SERVICES**
Supply of equipment together with related technical and service support.
 - 06 | ENGINEERING CONSULTATION**
Professional engineering guidance and technical consultation based on project and operational requirements.
 - 07 | FUEL TANK SERVICES**
Fuel storage tank cleaning, calibration and related technical and operational support.

FUEL TANK SERVICES

Professional Solutions for Fuel Storage Facilities

Since 2022, Aromac Company Limited has provided technical and operational support for fuel storage tank operations in Tanzania, including cleaning, calibration and related services.

OUR SERVICES INCLUDE

Tank Cleaning

Removal of sludge, residues and contaminants.

Tank Calibration

Supporting accurate measurement and storage management.

Tank Inspection & Assessment

Assessment of tank condition and maintenance requirements.

Maintenance Support

Technical support for tank maintenance and related works.

PROJECT EXPERIENCE

TIPER HFO Tank Cleaning Project

Aromac has been involved in the cleaning of three HFO storage tanks, each with an approximate capacity of 3.9 million litres, together with related works and services.

AIR BOAT SOLUTIONS

Aromac Company Limited provides airboat equipment and related components for applications such as fishing, hunting, transportation and operations in shallow or difficult-to-access waterways.

WHAT WE OFFER

Engines

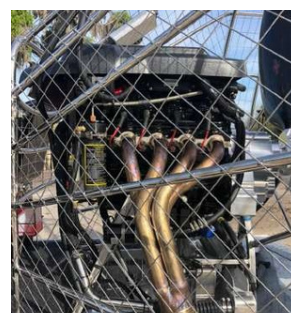

Reliable engine solutions suitable for airboat applications.

Replacement Parts

Supply of essential parts and components for airboat systems.

Reduction Systems

Reduction systems designed to support efficient transfer of engine power to the propeller system.

UNDERCARRIAGE

G.E.T & FILTERS

Reliable Components for Heavy Equipment

Aromac supplies undercarriage and Ground Engaging Tools (G.E.T) for heavy machinery used in mining, construction and other demanding operations.

PRODUCT RANGE

- Motor Grader Blades & Cutting Edges
- Tips & End Bits
- Bulldozer Cutting Edges
- Track Links
- Track Shoes

FILTERS

Protection for Reliable Equipment Performance

We supply filtration solutions designed to help protect engines and equipment systems from dirt, debris and contaminants.

AVAILABLE FILTERS

Air Filters | Oil Filters | Fuel Filters | Hydraulic Filters | Water Separators

PROFESSIONAL TOOLS

Hand Tools • Power Tools • Garage Tools

MATERIAL HANDLING SOLUTIONS

Reliable Components for Continuous Operations

Aromac supplies conveyor rollers and conveyor belts designed to support efficient material movement in mining, construction and other industrial applications.

CONVEYOR ROLLERS

Aromac supplies conveyor rollers designed to support smooth and reliable material movement in mining and industrial conveyor systems.

CONVEYOR BELTS

We provide conveyor belt solutions for the efficient transportation of ore, coal, minerals and other bulk materials from extraction points to processing or storage areas.
